PC130 Sophisticated design with state-of-the-art technology

- Superb stereo sound, familiar headphone look and comfortable, lightweight fit for long hours at the computer
- Ideal for gaming, voice recognition, internet telephony and other voice over IP applications
- Compatible with almost any sound card, it can be used for listening to music or films on your PC, laptop or even with CD/DVD/MP3 players

The PC 130 is an extremely well designed stereo headset with excellent acoustics and several features to make your life that much easier. This headset is comfortable enough for business, casual but stylish enough for more sophisticated dress codes as well.

- Adjustable, bendable and pivotable microphone makes the voice more clear and increases comfort and flexibility
- The noise-canceling microphone provides for high speech-clarity and voice recognition by filtering out ambient noise
- With the in-line volume control and the microphone mute switch you can keep sound at the right level or have a side conversation in privacy
- Equipped with a single-sided cable for maximum freedom of movement
- Mic boom rotates to allow wearing left or right
